

I am pleased to write this recommendation on behalf of Stephen France.

Stephen France has been an editor/publisher/writer for the BVI Property and Yacht Guide for several years. He worked closely with BVI Sotheby's International Realty planning and developing articles to better promote the company and its property listings. During the time we worked with him, we knew him to be a man who worked tirelessly to deliver, even under tremendously heavy workloads. Stephen was always very accommodating and willing to listen and he always remained congenial even while under the often stressful pressures of publication deadlines. We always found him humbly receptive to our occasional editorial criticism or genuinely positive when receiving our more than frequent praises for his work. He always respected our spontaneous requests no matter how inconvenient or demanding.

We can highly recommend Stephen France for any writing project no matter how big or how small. He is a dedicated professional with a genuine desire to accommodate and please his clientele.

Maritha Keil  
Broker/Managing Director  
BVI Sotheby's International Realty
